To whom it may concern,

This document should serve as a letter of recommendation for Victory Communications and Jason Lizarraga. In order for us to provide quality telephone communications and internet services, the YMCA of Arlington has partnered with Victory Communications for many years. These two areas are critical to the delivery of services of our organization and to our overall operations, so we take it very seriously.

In addition to a provider of services above mentioned, Victory Communications has been a key element in our successful transition and upgrading of technology. They have been attentive to the needs of the YMCA of Arlington and have been able to resolve unexpected situation in a timely and professional manner.

Based on my experience with Victory Communications I would recommend them as a business partner.

Sincerely,

Roberto E. Aguirre  
President and CEO  
YMCA of Arlington
